

PAYMENT OPTIONS

Payment is due when services are rendered. In order to focus on our patients' needs, customer service and minimizing costs, we do not bill.

We accept debit cards, credit cards (Visa, Mastercard, Discover and American Express), checks (if a check has been returned at any time, we will not take another check) and cash.

Medical complications such as unexpected illnesses, injuries, surgeries and pets in recovery stage can arise at certain times causing unforeseen expenses. We understand this and if you are a client of ours in good standing, we offer an option called Payment Banc. Payment Banc does NOT require a client to have a good credit rating and they do not charge any interest. They do charge a one time set up fee of \$25 and you must have an active checking account, savings account or debit card that funds can be drawn from once a month. This is available on a 3 -12 month basis depending on the total amount of your bill. Please contact our office for more information. We also accept Care Credit as payment. You may go online and apply for Care Credit. (www.CareCredit.com)

Pet insurance is also available online at www.Petinsurance.com and www.PetCareinsurance.com
